### FULL TIME COMMUNITY HEALTH EDUCATOR

The Cambridge Guernsey County Health Department is actively seeking a Community Health Educator to lead community health education within the health department.

The Community Health Educator will utilize public health concepts and theories to provide health promotion and chronic disease prevention services in Guernsey County, OH. The position will participate in public health program planning for education and prevention services as well as other selected grant activities. The Community Health Educator's actions will be directed toward the goals of prevention, assessment, risk reduction and health status improvement through systematic analysis of health data, promoting community policies and health education. A strong focus of the program includes building and strengthening partnerships within the community as well as a focus on improving health outcomes to high-risk populations in the community.

Pay Range: pay is commensurate with education and professional experience. This is a full time position with occasional weekend and afterhours required. Excellent fringe benefit package.

Minimum qualifications include but not limited to: Bachelors Degree in public health, planning or related field. Certified Health Educator status and/or eligible. Must have excellent organizational skills, communication skills, ability to collect and analyze data.

Please submit resume to : Angela Gray, RN DON, Cambridge Guernsey County Health Department, 326 Highland Avenue, Cambridge, Ohio 43725. Position will remain open until filled.

Equal Opportunity Employer.
